WOODLAND ONE is designed to accommodate today's casual lifestyle with a large vaulted great room open to the breakfast nook and kitchen. The formal dining room opens on to the entry gallery and the kitchen. The large master suite located away from the activity areas with two private decks including one covered deck and a generous bath and large walk in closet is a pleasant owners retreat.. The 84' by 62' foot print requires this home to be located on a larger lot. The covered front porch is large enough to be used as an outdoor living space in addition to the large private rear covered deck accessed from the great room.
